- To ensure that every patient gets a quality phone call we ask that you choose a phone time that is convenient for you. The patient will be encouraged and assisted in placing this call. Our goal is to provide an environment that is calm and quiet. In an attempt to provide this we ask that you wait for these times and allow the patient to call you. Please call anytime with any questions or concerns. We appreciate your cooperation with this.
- You will need to provide the patient code below prior to talking to the patient
- Typical phone calls last 10-15 minutes

PATIENT CODE ASSIGNED: _____
